

## **FOR IMMEDIATE RELEASE**

29 September 2020

### **ikeGPS – Director Retires**

ikeGPS Group Limited (IKE) today announced that Mr Bruce Harker has retired as a director of the IKE as of 29 September 2020.

Chairman Rick Christie commented “I would like to record the Boards’ great appreciation for Bruce’s contribution to IKE’s progress over the last 6 years. His experience as a senior director and his understanding of the technical complexity of IKE’s market have been of huge support to the Board and Management, and we will miss his involvement.”

ENDS

IKE seeks to be the standard for collecting, analysing and managing pole and overhead asset information for electric utilities, communications companies, and their engineering service providers.
